Penton EBITDA - 12 months ended 30 June 2016

When making the decision to pursue the Acquisition, the Informa directors considered a number of factors, which included Penton's operating income for the twelve months ended 30 June 2016 of \$14.2 million on a US GAAP basis, based upon unaudited management accounts.

Based on the work done to convert Penton's US GAAP financials into IFRS for the three years ended 31 December 2015, the Informa directors do not believe that the results for the twelve months ended 30 June 2016 would differ significantly if presented under IFRS.

The following table presents the items that the Informa directors took into account when determining the Acquisition multiple. In considering this multiple, Informa encourages investors to evaluate the items it has taken into account as appropriate in determining the acquisition multiple.

	Twelve months ended 30 June 2016⁽¹⁾ (\$ in millions)
Depreciation and amortisation	27.9
Impairment of goodwill and intangibles	80.4
Fair value adjustments to acquisitions	2.3
Consultancy fees to the owner of Hollywood	2.5
Transaction costs	3.5
Severance costs	2.5
Share based payment expense	0.6
Loss on disposal of assets	0.1
Pension charge taken to SOCIE under IFRS	1.9
Acquisitions - Estimated pre-integration dual running costs of IT systems and annualised benefit from headcount reductions	2.5
Acquisitions - Annualisation of results	1.7
Loss from discontinued products	0.4
