

INFORMA OVERSEAS INVESTMENTS LIMITED

STRATEGIC REPORT FOR THE YEAR ENDED 31 DECEMBER 2023

BUSINESS REVIEW

The principal activity of the Company was that of a holding company on behalf of Informa PLC, the ultimate parent undertaking. However, during the year, the Informa PLC Group underwent a restructure to simplify the UK Group and strike off dormant companies. As part of this process, the Company transferred all of its assets and liabilities to Informa Group Limited. Following the transfer of the assets and liabilities the Company is expected to become dormant.

PRINCIPAL RISKS AND UNCERTAINTIES

The Company has no specific principal risks and uncertainties due to the nature of the Company's activities. However, the principal risks and uncertainties of the Informa PLC Group impact the Company. The management of these risks is integrated with that of the Informa PLC Group and not managed separately.

EMERGING RISKS

While the Company concentrates on principal risks, it also looks at risks that are emerging. These are risks that are not yet material or of a scale to present a significant problem to the Company, or risks that have a degree of ambiguity or uncertainty around their effects or timing.

The Company monitors and assesses emerging risks in the same way as principal risks. Some emerging risks also present opportunities that are actively addressed and responded to. The management of these risks is integrated with that of the Informa PLC Group and not managed separately.

FINANCIAL KEY PERFORMANCE INDICATORS

As the Company's principal purpose was holding investments in Informa PLC Group companies, the Directors do not consider a KPI review to be relevant for the understanding of the development, performance or position of the business.
